

Workshop COST ACTION IS 1005 Medieval Europe

Medieval Texts and Manuscripts in the World of Linked Data

University of Louvain, Louvain-la-Neuve

April 4-6, 2013

April 4

15h-15h45

Introduction

A. Paravicini (SISMEL) : What are the objectives of COST Action IS 1005 ? What do we wait from this Workshop ?

P. Bertrand (UCLouvain), Preliminary remarks to the Workshop

Medieval texts and manuscripts : data and structures

16h - C. Macé (KuLeuven), *Digitization of manuscripts and texts : what is there and what would be needed - an overview from a non-technical perspective.*

16h30 - E. Degl'Innocenti (SISMEL-Fundazione E. Franceschini), *The SISMEL databases : data and structure*

April 5

9h30 - C. Masset (IRHT-CNRS, Orléans), *The IRHT databases : data and structure*

10h - J. Deploige (Prof., UGhent) : *Narrative Sources and Diplomata Belgica : data and structure*

Linked data, Web of Data : knowledge and techniques

11h - S. Gradmann (Prof., KULeuven), *Europeana : a pioneering project*

14h - R. Wenz (Conservateur des bibliothèques, archiviste-paléographe, responsable du projet data.bnf.fr à la Bibliothèque nationale de France), *Web of Data in BnF : linking catalogues in data.bnf.fr*

14h45 - [N, from DDH, King's College], *Linked data and Web of data in DDH*

16h - J Cojan (INRIA, Wimmics, post-doctorant), *DBpedia, une base de donnée pivot pour le Web Sémantique*

16h45 - R. Letricot (IRHT-CNRS, Orléans), *On the way to Linked Data : the IRHTLab project*

April 6

10-12h - Round table led by C.I. Ore (Associate Professor, Institutt for lingvistiske og nordiske studier, University of Oslo) : *how to prepare a european project around linking medieval texts and manuscripts?*

Conclusions

N. Bériou (IRHT-CNRS, Paris)
